IMPORTANT

The data in the columns "Product start/Product stop" refers to the launchdate of the first resp. the last series produced by Durst.

This data may vary for new units with integrated computers, because of the fast progress in this technology. **Service period reductions** are not only possible in such cases, but also for older units!

Please note

The indicated date on page 3 of some spare part lists (see below XXXX) could be incorrect and therefore has to be considered as NO LONGER VALID!!

<p>Durst guarantees parts availability for these/this unit/s at least to the year XXXX.</p>
